Muqeet Ahmad
Software Engineer

Seeking an entry-level position in computer science to utilize my programming skills, analytical thinking, and strong attention to detail. I am looking forward to a promising future with the opportunity to apply my knowledge and skills in a pleasant environment, where I can prove myself through hard work, dedication, and distinction.

EDUCATION

BSCS
Government College University, Lahore

09/2021 - Present   *Lahore, Pakistan*

Courses

- Database Design
- Automata
- OOPs
- Dynamic Programming
- Graph theory
- DSA
- Design and Analysis of Algorithms
- Machine Learning

PERSONAL PROJECTS

Real-time Chat Application
- Login / sign up functionality with firebase as backend
- Create group chat and remove /update
- messages with different users at a same time
- user can Search the chat room

Shopping App(React Native)
- Implement All function.
- Connect with backend(firebase).
- working on Buying cart (payment process).

Blood Donation Management System
- Conceptual modelling
- Logical modelling
- Physical modelling

Banking System Operation (Java)
- Logical Understanding
- Connection of classes of different operations
- Implementing all basic concept of oop

Tower of hanoi game(C++)
- Basic understanding
- take input from users
- conceptual implementation of code

Ludo game(C++)
- Multiplayer functionality
- Customization options
- implementation of code

SKILLS

App Development · Logic building · Problem-solving and analytical skills · React native · flutter · Database Design · Ms Word · Ms Excel · Power Point

ACHIEVEMENTS

Leetcode 150+ problems
Jan,feb,march Badge 2024

CERTIFICATES

MOBILE APP DEVELOPMENT (06/2023 - 09/2023)
In the summer, I took a React Native course, from which I gained good skills in app development.

C/C++ Certificate (09/2023 - 10/2023)
I have good c/c++ skill i attempt varies course

Git and github (04/2024 - Present)
introduction to git and git hub and control vision

Machine learning (03/2024 - Present)
Machine Learning Specialization

LANGUAGES

C/C++
Full Professional Proficiency

Java
Professional Working Proficiency

Dart
Professional Working Proficiency

JavaScript
Professional Working Proficiency

python
Limited Working Proficiency

INTERESTS

problem solving · Sports · Open source contribution
